ESTABLISHED 1940

## Bridging the gap between philanthropy and fandom

The Gamecock Club is committed to raising money for student-athletes by providing a positive experience through unique engagement opportunities. This mission is carried out through the three pillars below:

### Investing in Student-Athletes

Your support helps us continue to equip our student-athletes with everything they need to excel in their sport, while also providing the resources needed to continue to develop well-rounded Gamecocks that compete and succeed in academics and in LIFE. Your donation as a Gamecock Club member helps provide aid that includes tuition fees, meal costs, housing costs, medical costs, injury assistance and other educational needs.

### Engaging our Members

Whether it is coming to campus and touring an athletic facility, getting involved with your county's local Gamecock Club chapter, or engaging with other Gamecocks at a networking event, the Gamecock Club helps provide a wide-variety of engagement opportunities for its members. Investing in the community with our in-state and out-of-state chapters is paramount to our athletics department, proactively helping bridge the gap between philanthropy and fandom.

### Providing Positive Experiences

Regardless of how you choose to support the Gamecocks, or how much you choose to give, your support of South Carolina Athletics is extremely important to us. Accordingly, it is our goal to make sure that whether you are calling in to order a ticket over the phone, tailgating before the game or enjoying a ballgame from the stands, you have a wonderful experience that leaves you proud to be a Gamecock fan.

## Priority Points and Season Ticket Ranking

In an effort to equitably serve Gamecock Club members, a priority point system was developed to determine rankings for season ticket assignments, away and postseason game ticket distribution, parking pass assignments, and other special events. The current system was voted on and approved by the Gamecock Club Board of Directors on November 3, 2006 and amended June 13, 2023.

## Point Accumulation

**1 POINT** for every \$100 donated to the Department of Athletics

**1 POINT** for each season ticket purchased for football, baseball, men's basketball and women's basketball

**5 POINTS** for each consecutive year of Gamecock Club membership

**New in 2024:** The Decade Dividends program will be modified to increase the bonus awarded at each decade of giving. When a member reaches a new decade of giving, they will receive an additional point bonus that corresponds with their consecutive years (i.e. a 20 point bonus for a member's 20th year of membership). This adjustment will be applied retroactively for all members.

*\*Gamecock Club benefits are contracted annually and are subject to change at the discretion of the Gamecock Club. South Carolina Athletics reserves the right to revoke membership benefits if a member is found to be in violation of NCAA rules and/or department policies.*

## WHAT'S CHANGING FOR THE 2025-26 ATHLETICS YEAR AND BEYOND?

### Gamecock Club

- In June 2023, the Gamecock Club board of directors approved an increase in membership dues that range from 11% to 20%. The lowest level (Roost) will remain unchanged at \$100. This membership will be due on January 31, 2025.
- Dues will be evaluated annually and may see smaller percentage increases in subsequent years.

### Football, Men's and Women's Basketball and Baseball

- Season ticket prices may increase by two to four percent each year.

### Football Parking

- Season ticket prices may increase by two to four percent each year.

# GARNET SOCIETY

The Garnet Society is made up of over 600 members that have supported South Carolina Athletics above and beyond their Gamecock Club Memberships. These donors allow the athletics department to fund capital projects, scholarships, and operating expenses that are not covered through the Gamecock Club. These gifts are 100% tax deductible and typically paid out over a period of years.

We know this isn't close to the end of what needs to be done to that stadium. We felt like what we're doing right now tied very well with a series of actions that can come on the back end of it. The plan to move forward fits nicely."*
